St Columba's Lighting Works.

For many years the Church Hall Restoration Group have been busy raising funds to help with the restoration of St Columba's Church. In recent years they have assisted in a number of projects and now sufficient funds are in place that the diocese has given permission for the lighting phase of the project to take place (at a cost of £36,000.00). Work is expected to begin on 20th April and is expected to take three weeks. During this week improvements are being made in the sacristy and balcony areas to improve our storage facilities creating suitable space for storage and ensuring that we are able to maintain safe fire escape routes.
